OCTD 39 / OCTD 40 recap

OCTD 39 Dan: The cooks continued to participate during the entire weekend even when tired. The oven temp was off some. Some of the new members have already gotten plugged into a reunion group. The angels showed up and were prayed in by the head cook. It does not matter how much we fumble things, God uses our mistakes. The bottom line, God Showed UP!

Dan reported the training took place in the first team meeting and it seemed to work well. During the reflection time maybe display the highlights of the talk to remind the key points.

OCTD 40 Lynne:

Things seemed to go well with the team. The walls of the candidates seemed to be broken down. The sound system at closing could be better to make sure the candidates can be heard. The love of Christ was evident. Ken reminded us to stay focused on, “Does this benefit the pilgrims?” There were no evening team meetings. Need to make sure training is completed to help the weekend runs well. The dining room decoration was done by palanca and this worked out well. The rollistas worked together before the training meetings and this helped to prepare the rollo. The Lord really blessed the weekend. For anyone that wants to be a Techie, Paul suggested to have some training on the computer software. Many candidates asked Paul about scripture and this was blessing.
